**SUBJECT: BOROUGH OF SOUDERTON AWARDS \$2.8 MILLION TRASH
AND RECYCLING CONTRACT TO J. P. MASCARO & SONS**

Souderton Borough Council awarded a three-year \$2.8 million waste collection and recycling contract to local waste service company J. P. Mascaro & Sons. Under the contract, which will start on January 1, 2022, Mascaro will serve over 2,000 households and will provide Borough residents with once-a-week curbside trash and single stream recycling services using vendor-provided 96 gallon and 64 gallon wheeled charts. In a single stream recycling system, all of the different types of recyclables can be mixed together in one container. The Borough's contract with Mascaro also allows each household to put out additional trash cans, if needed, as well as one bulk item per week, for collection.

Company Director of Sales and Marketing, Sam Augustine, said, "We are extremely happy to add the Borough of Souderton to the growing list of area municipalities that use our company for contracted trash and recycling services, and we look forward to serving Borough residents for years to come."

Speaking to the new contract award, company President, Pat Mascaro, said, “Our company provides contracted trash and recycling services to a large number of Pennsylvania municipalities, but it is really special when we earn a new service contract from a ‘home area community’ such as the Borough of Souderton.” Mascaro added, “We are a Montgomery County founded and based company, and our Souderton operating division is the company’s oldest. To be able to serve the Borough and its residents is a real honor and we greatly appreciate the opportunity.”

J. P. Mascaro & Sons is a local, family-owned company, founded and headquartered in Montgomery County, Pennsylvania, and is one of the largest and most successful privately-owned waste service companies in the country. The Mascaro company was founded by Joseph P. Mascaro, Sr. more than 50 years ago, and through the efforts of his five sons has grown tremendously and succeeded in a difficult industry. A third generation of Mascaro family members are now in key management positions and are looking forward to carrying on the business started by their grandfather. For more information about the company, its facilities, and services, visit its website at www.jpмасcaro.com.
