SUBJECT: **J. P. MASCARO & SONS AWARDED \$25 MILLION CONTRACT TO SERVE 24,000 HOMES IN BUCKS COUNTY**

J. P. Mascaro & Sons, a local privately-owned waste service company, was the successful vendor in a recent Southwest Bucks Solid Waste Committee (“SWBSWC”) competitive bid process for trash and recycling services in which the largest national companies participated. Based upon the unanimous recommendation of the Committee, all three SWBSWC municipalities, Northampton, Upper Southampton and Lower Southampton Townships, voted to award the five-year trash and recycling contract to Mascaro.

The SWBSWC contract, which starts on January 1, 2018, is the second largest competitively bid residential waste collection and recycling contract in Pennsylvania, and it has a value of almost \$25 million. Under this newly-awarded contract, Mascaro will provide the 24,000 SWBSWC homes with weekly curbside trash collection and weekly recyclables collection in a 64 gallon toter provided by Mascaro.

Speaking to the new contract award, Mascaro company President, Pat Mascaro, said, “Our company takes great pride in being awarded this premier residential waste services contract by Northampton, Upper Southampton and Lower Southampton Townships, and we are committed to providing premier service to the SWBSWC residents with new modern equipment, experienced service personnel, and a dedicated upper management team.”

Mascaro will serve the SWBSWC contract from its Bridgeport, Pennsylvania operating division. For more information about J. P. Mascaro & Sons and its services and facilities, please visit the company website at www.jpascaro.com.
